wanted features — plus proven trouble-

Add, multiply, subtract. List 9 numbers, total 10. Total, subtotal and subtract
symbols printed on tape. Specially designed low-angle keyboard with finger-
contoured keys reduces fatigue and provides built-in speed and accuracy.
Exclusive Desk Glide lets you position machine easily, yet it can't creep
when operated. Heavy-duty induction motor doesn't interfere with radio
or T.V. reception.

Plus eye-view column indicator window, transparent tear guide, easy-change
paper holder, extra large "0" bar, correction bar, 9-ft. removable safety
cord, dust cover — outstanding features you'd expect to find only on more
expensive office machines.
